Mr. Josep Roger
Chief Executive Officer
Gezolan, AG
Werkstrasse 30
CH 6252 Dagmersellen
Switzerland

Dear Mr. Roger,

We at Cape and Island Tennis & Track would like to offer our sincerest appreciation for the superior products and services we have come to expect from Gezolan. We pride ourselves in offering the very best running track surfaces in our region and depend on receiving top quality rubber granules for that purpose. We have found through years of use, that Gezolan's EPDM granules give us the best chance for installing successful, award winning facilities. Your products are exceptionally consistent, clean and reliable as a matter of routine. We have never had a warranty claim or problem as a result of Gezolan granules and despite the inherent challenges of doing business internationally, our experience with your team's customer service has been nothing but positive.

Providing top notch products and customer service is challenging in such a highly competitive market place. We would like to congratulate Gezolan AG on achieving that goal year after year.

Regards,

Kristoff Eldridge, CTB
Vice President
