RE: Gezolan EPDM

We have purchased Gezolan EPDM for over 10 years. The product quality has been outstanding. The product has consistent color and has little to no dust. To date, I cannot recall of one quality issue we have had with the product. The service from the Gezolan team is exceptional. They have distribution points and warehousing partners that get the job done. They have excellent sales support in the United States. We view Gezolan as a partner in our running track construction business.
