Letter of recommendation

Sportsbyg has been cooperating with Gezolan for more than 10 years. Through the years we have appreciated the cooperation and the great flexibility in dealing with our orders. The few times there have been problems with a delivery, it has been handled professionally and to our complete satisfaction.

We have over the years tried several other suppliers, but no one has been able to deliver the same high quality as Gezolan. This is especially true as regards to the purity of the products. No other supplier has been able to deliver a product with such a low content of dust in the bags.

We can only give our best recommendation to Gezolan and the products from Gezolan.

Kind regards
Sportsbyg A/S

Peter Jørgensen
Managing Director
